ChapterWork is a modern utility for working with the chapter tracks and markers in your digital movies. Built on Apple's AVFoundation technology, ChapterWork frees users from using labor-intensive text-based tools and provides simple and effective methods for creating, updating and internationalizing your movie's chapter tracks.

System Requirements

This software works best with Mac OS X 10.10 (Yosemite).

Installation

1. Double-click the archive file you have downloaded, ChapterWork111.zip. Open a Finder window for the ChapterWork101 folder.
2. Read the ChapterWork License and ChapterWork Quick Start Guide.
3. Drag the ChapterWork icon to the Applications folder on your disk drive. Double-Click the icon to launch program.

Purchase and Registration

Until purchased and registered, the software will function as a time-limited demo. The expiration date can be found on the Registration Panel.

Once the software expires you will no longer have unlimited access to the software's full functional capabilities. To purchase a license, visit our website at <http://www.einsteinslegacy.com> and click the "Store" link in the top right corner.

Finding More Information

While using this software, you may open the User Guide by choosing "ChapterWork Help" (Cmd-?) from the Help menu.
