A Windows-style dialog box titled "Specify SQL Server" with a HitWB icon in the top-left corner. The dialog contains three text input fields: "Database Server:" with the value "(local)", "User Name:" with the value "sa", and "Password:" with masked characters (dots). At the bottom right, there are three buttons: "Cancel", "< Back", and "Next >". An icon of a computer monitor and a CD-ROM is located in the top-right corner of the dialog box.

clicked on **&Next >**

**Please specify Service Account**

Specify service account for HitCollector service. This account must have domain administrative rights.

Domain:

Username:

Password:

clicked on **Please specify the account to be used for the windows service**

The image shows a Windows-style window titled "HitWB" with a standard title bar (minimize, maximize, close buttons). The window's main content area is titled "Select Installation Address" in a large, bold font. Below the title, there is a small icon of a computer monitor and a CD. The text inside the window reads: "The installer will install HitWB to the following web location. To install to this web location, click 'Next'. To install to a different web location, enter it below." Below this text, there are three input fields: "Site:" with a dropdown menu showing "Default Web Site", "Virtual directory:" with a text box containing "HitWB.net", and "Application Pool:" with a dropdown menu showing "ASP.NET v4.0". To the right of the "Site:" dropdown is a button labeled "Disk Cost...". At the bottom of the window, there are three buttons: "Cancel", "< Back", and "Next >".
