PROBLEM MATERIALS, USED EDIBLE OIL AND FAT, BULKY WASTE, SCRAP METAL/SCRAP IRON, CONSTRUCTION AND DEMOLITION WASTE and USED ELECTRIC TOOLS must be collected of separately and should not be put into waste bins.

Contact your local council/municipality for the dates of bulky waste and problem waste collections and accordingly for the local waste disposal address.

**TIP:** Take advantage of the possibility for return of batteries, electric tools (refrigerators and fluorescent tubes incl.) and mineral oil free of charge, given by producers and distributors (at the outlet stores of specialised trade, at local waste disposal sites of the municipalities).
